Dedication

We, the members of the senior Miracle Board, would like to dedicate this "Miracle" to Mr. Henry Tirrell.

Mr. Tirrell has been a member of the Gilbert School Faculty since 1960. He has taught civics, general science, and as we all know mathematics. Not only has he contributed academically, but he has aided greatly in extra curricular activities, including track, football, swimming and wrestling.

We, the students, are very appreciative of all he has done. We would like to thank him and wish him the best of luck in the future.

We congratulate you on four very fine years with us. You have been a truly outstanding class, and we shall miss you.

Best wishes in your ventures as time goes on.

Chas Fecto

CHARLES FECTO

An appreciation of learning is the harvest of an education. May yours grow and manifest itself in the generations to follow. Congratulations upon the completion of your first step toward the application of this concern.

Reflections on times gone by

Ballon Aights
Bomb Frights
Chem tests
wretchedness
teachers smokin'
students hopin'
some learn
by grades they earn
jobs to do
hours too few
in P.O.D.
where's reality
want a vacation
have relaxation
seen hunger pickets
bought basketball tickets
10 speed bikes
20 mile hikes
got a pass?
seems a bit cross
where you supposed to be
freedom with responsibility
spitballs flying
somestop typing
Independent study
days seem cruddy
money to raise
people to praise
students lost
'Find the cost'...
teachers trying
god is dying
facts to learn
money to burn
boring days
drama plays
multiple choice
all rejoice
library's a mess
cheaters confess
S.A.T.'s
to judge you and see
drugs are a problem
some try to solve them
good test grade
got it made
values change
some are strange
all don't scream

'yea for the team!'
cliques form
babies born
class election
what's the selection?
faculty meetings
seasons greetings
last minute exams
no more Viet-Nams
rain or snow
we still must go
walk the halls
look at the walls
Crosby and Stills
expressing our wills
study communism
or nuclear fission
tell Polish jokes
while drinking cokes
reading Hesse
world's a mess
Thoreau too
can help you through
we want to be free
but fame is our greed
reading your books
get strange looks
Taylor and King
doing their thing
getting drunk
listening to funk
air pollution
there is no solution
future plans
kicking cans
scholars lament
their predicament
enemies fight
over every plight
books to read
mouth's to feed
Darwin's theory
getting dreary
out on dates
to movies she hates
everything's a hassle
but we want that tassle!

"75" Remembers When . . .

We were Freshmen. We thought our Senior year would never come. Equipped with our student handbooks, containing our schedules, we struggled our way to classes getting staring glances from upperclassmen. As soon as we had mastered the art of opening our lockers and making new friends we began to take an interest in the activities going on around us and we realized that school wasn't quite so bad.

We were Sophomores. We thought we knew everything there was to know. At least we were smarter than the Freshmen. Tackling such subjects as Biology and Geometry, we watched our second year come to a fast end.

We were Juniors. Finally, upperclassmen! We adjusted to many changes at Gilbert--Mr. Fecto succeeding Mr. Nichols, the fuel shortage, and the first election of Junior class officers. With the arrival of our class rings, we realized that graduation was only one year away.

WE ARE SENIORS! Our Freshmen days seem so far away, and yet we remember so well all the exciting times we've had at Gilbert; The football, basketball, and baseball games, the dances, and weekend parties. And of course we will never forget Watergate, forcing the resignation of President Nixon, which gave us a glance at the world that awaits us outside of Gilbert. Years from now we will gather together and review these memories that will always be with us. After endless measuring for our caps and gowns, and a few tears, here we are--GRADUATING!

Goodbye To All That

the final school assembly had come for me at last;
for ages i'd been frantic-
for school days to be past.
i looked at the teachers
those dear old fashioned squares,
and thought how i'd be free now-
from tyrannies of theirs;
and all the many trials-that go along with schools,
like uniforms, detentions and pettifohhing rules
the world was stretched before me, exciting, new and wide
so what did i do next? well, . . .
i cried and cried and cried!

John Richard Pedersen

A week before John's sudden death, he was asked what death meant to him. He replied, "Eternal life with Christ."

One passage that meant a great deal to John was Romans 5:6-11, "When we were utterly helpless with no way of escape, Christ came at just the right time and died for us sinners who had no use for Him. Even if we were good, we really wouldn't expect anyone to die for us, though, of course, that might be barely possible. But God showed His great love for us by sending Christ to die for us while we were still sinners, how much more will He do for us now that He had declared us not guilty? Now He will save us from all of God's wrath to come. And since, when we were His enemies, we were brought back to God by the death of His Son, what blessings He must have for us now that we are His friends, and He is living within us! Now we rejoice in our wonderful new relationship with God --all because of what our Lord Jesus Christ has done in dying for our sins--making us friends of God."

Winsted Women's Club

Annually the Winsted Women's Club invites three outstanding girls from the Senior Class to become honorary members. They are given the opportunity to take part in all club activities. The girls are chosen by the faculty for their leadership and interest in their community and school affairs. This year's honorary members are Sue, Kathy, and Debbie.

D.A.R.

The Daughters of the American Revolution honor one senior girl from every high school each year who show outstanding interest in school and civic activities. The girls attend a meeting at the State Capitol where they meet the Governor and receive a United States Savings Bond. Susan Brand is this years recipient of the D.A.R. Award.

Laurel Girls' And Nutmeg Boys' State

Each year four students, selected on the basis of their leadership and participation in school activities, are chosen to spend one week at the University of Connecticut as representatives to Girls' and Boys' State. Crissy, Cindy, Jackie, and Joe spent the week with other students chosen similarly from all over the state.
